
PRAYER CHANGES A NATION

****Election Prayer Breakfast Saturday, November 5, 2016****

How are you feeling about the course of our nation? Will this upcoming election solve our problems and address our concerns? No matter the political outcome, we must look forward with hope, embracing the truth represented in our national motto, that it is truly, "In God We Trust". Truly only the Lord can change the course of this nation, and we are thankful, that despite what we hear in the news, our great and faithful God is listening to the effective, fervent prayers of His people, and they are 'availing much'!

"In July 2016, our team, including our new Chairman, Anne Graham Lotz, traveled to our nation's capital, to engage, equip, and encourage hundreds of these leaders at our National Prayer Summit, where Anne spoke on the necessity of praying with clean hearts. Encouraging us, that together, we must convey truth into our culture with a genuine love for the spiritually lost and deceived.

In just a few days, on November 8, 2016, millions will cast their vote, selecting from an array of candidates - potential leaders who will impact the direction of the United States of America. This is a freedom that has come at a high cost for many over the 240 years since declaring independence from England in 1776. Believers everywhere are struggling as they watch the moral depravity in our nation continue to spiral downward. Then the rancor of the political race has discouraged many. The answer is right in front of us--pray!

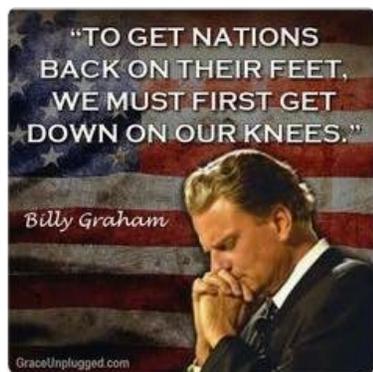

Samuel Adams, one of the original signers of the Declaration of Independence, reminded us of the staggering responsibilities of casting a ballot.

"Let each citizen remember at the moment he is offering his vote that he is not making a present or a compliment to please an individual - or at least that he ought not so to do; but that he is executing one of the most solemn trusts in human society for which he is accountable to God and his country."

THE EVANGELICAL VOICE OF TODAY

September 2016

**"A nation is blessed when
It has godly leaders, even
if a nation does not have
a godly leader, that nation can
still be led by God
because He controls the
hearts of the kings,
He directs what happens."**
